HIGH STAIN & SCRATCH RESISTANCE

WOODELLO MELAMINE

Woodello Melamine offers a smooth, elegant, and long-lasting finish that enhances the natural beauty of wood. It provides excellent surface hardness, superior stain resistance, and high clarity — perfect for both furniture and interior woodwork.

Variants : Matt, Gloss, Sealer

Available Pack Sizes : 1L, 4L, 20L With Melamine Hardner

DIRECTIONS FOR USE

Surface Preparation: Sand wood along the grain using Sandpaper No. 80, 120, 220 followed by 320. Remove dust and debris. Fill cracks or dents with Woodello Wood Filler as needed.

Application: Mix Woodello Melamine (Sealer/Matt/Gloss) base with hardener in a 9:1 ratio and dilute with 20–30% Woodello Melamine Thinner. Stir thoroughly and strain before use. Apply 2–3 coats by brush, spray, or cloth, allowing 5–6 hours of drying time between coats. Lightly sand with Sandpaper No. 320 before applying the topcoat. Drying time at 30°C: Surface dry in 1–2 hours and hard dry in 12 hours.

FAST DRYING | EASE OF SANDING | CLARITY IN FILMS | EXCELLENT GLOSS | LOW VOC

WOODELLO INDIAN PU

Woodello Indian PU is a high-performance coating that enhances wood's natural beauty with a smooth, durable, and elegant finish. Suitable for interior and exterior use, it offers superior UV, weather, and wear resistance.

Variants : Matt, Gloss, Sealer

Available Pack Sizes : 1L, 4L, 20L With Indian PU Hardner.

For Exterior Use

Scratch Resistant

For Interior Use

DIRECTIONS FOR USE

Surface Preparation: Sand the surface with Emery Paper 80, 120, 220 followed by 320 grit. Remove all dust and contaminants.

Mixing Ratio: Mix Woodello Indian PU Base with Woodello Hardener in a 4:1 ratio by volume. Add 20–30% Woodello PU Thinner as required for application.

Application: Apply 2 coats of sealer, let it dry, and sand with 320/400 paper interval of 3 hours. Then apply 2 coats of PU Gloss/Matt with a 6–8 hour gap, lightly sanding with 1000 paper between top coats for a smooth finish.

HOW TO USE

WOODELLO NC SANDING SEALER

Enhances wood surfaces with smooth, even base preparation. Ideal for solid wood, plywood, veneer, and MDF. Prepares wood for topcoats with excellent adhesion and grain-filling properties.

Available Pack Sizes : 500ml, 1L, 4L, 20L.

DIRECTIONS FOR USE

Surface Preparation: Repair dents and cracks. Ensure surface is free of dust before application. Use 80, 120, 220 grit sandpaper for solid wood/plywood and 220–320 grit for veneer/MDF. For best results, use a quality wood sander.

Application: Dilute 1:1 with Woodello NC Thinner for spraying. Adjust dilution as needed for cotton application. Cloth: 2–4 coats, sand lightly after alternate coats, with 20–30 minutes drying time. Spray: 2 coats with a 1–1½ hour interval. For porous wood, apply undiluted. Do not over-dilute.

FAST DRYING | EASY SANDING | EASY APPLICATION | EXCELLENT GRAIN FILLING | LOW VOC

WOODELLO NC LACQUER

Woodello NC Lacquer provides a premium, fast-drying, and clear finish for wooden surfaces. Ideal for solid wood, plywood, veneer, and MDF — it enhances natural grain and ensures lasting protection with a smooth, elegant sheen.

Available Pack Sizes : 500ml, 1L, 4L, 20L.

DIRECTIONS FOR USE

Surface Preparation: Ensure the surface is clean, dry, and properly sanded. Use Sandpaper No. 80, 120 followed by 220 to remove dust, dirt or old coatings.

Application: Stir well before use. For spraying, dilute 1:1 with NC Thinner. For cotton application, use 1:2 thinner per litre. Apply 2–3 thin coats, allowing 20–30 minutes of drying time between coats. Sand lightly between coats with 1000-grit sandpaper for best results. Drying time (at 30°C): Surface dry 15–20 minutes, hard dry 10 hours.

FAST DRYING | EASY SANDING | EASY APPLICATION | EXCELLENT GLOSS | LOW VOC

WOODELLO 1K PU

Woodello 1K PU delivers a rich, smooth, glossy & matt finish ideal for both interior and exterior wooden furniture. Designed for lasting protection and elegance, it enhances the natural beauty of wood while providing a durable surface that resists wear and tear.

Variants : Matt & Gloss Available Pack Sizes : 200ml, 500ml 1L, 4L, 20L .

DIRECTIONS FOR USE

Surface Preparation: Sand the surface with Emery Paper No. 80, 120, and 220, followed by 320/400 grit for smoothness. Wipe off all dust and ensure the surface is clean and dry.

Application: For a coloured appearance, apply Woodello Wood Stain evenly using a clean cloth and allow 3 hours of drying time. Do not sand the stain layer. Apply 2–3 coats of Woodello 1K PU Gloss/Matt using a brush or spray at 16-hour intervals. For brushing, dilute with 10–15% Woodello Thinner; for spraying, dilute with 20–25% Woodello Thinner. Sand lightly between coats for a perfect gloss or matt finish.

WOODELLO NC COLOR FINISH

Woodello NC Color Finish is a premium nitrocellulose-based coating designed to deliver a smooth, durable, and high-gloss finish on wooden and metal surfaces. Its fast-drying formula provides rich color depth and excellent surface clarity — ideal for furniture, handicraft items, and decorative finishes.

DIRECTIONS FOR USE

How to Apply :

Ensure the surface is clean, dry, and properly sanded with Emery Paper No. 80, 120, and 220, followed by 320, before application. Stir well before use. Apply 2–3 thin coats by spray or brush, allowing 30–40 minutes between coats. For best results, apply over Woodello NC Sanding Sealer. Use only Woodello Thinner for dilution—up to 100%. Do not mix with other products or hardeners.

Available Pack Sizes : 500ml, 1L, 4L.

WOODELLO CLEAR VARNISH

Woodello Clear Varnish is a solvent-based transparent coating that enhances and protects wooden surfaces with a smooth, glossy finish. It seals and highlights the natural grain of wood, providing durable resistance against moisture and daily wear. Perfect for furniture, doors, and other interior & exterior wood articles.

Variants : Matt, Gloss, Sealer

Available Pack Sizes : 200ml, 500ml, 1L, 4L, & 20L.

For Interior Use | For Exterior Use | Solvent Thinnable

DIRECTIONS FOR USE

Surface Preparation: Ensure the wooden surface is clean, dry, and free from dust or old coatings. Sand the surface with Emery Paper No. 80, 120, 220 followed by No. 320, for a smooth finish.

Putty Application (if required): Fill open grains or imperfections using Woodello Wood Filler with a putty knife along the grain. Allow it to dry for 3–4 hours, then sand again with Emery Paper No. 320-400.

Application: Stir Woodello Clear Varnish thoroughly before use. For brushing, thin 1 litre with 100–150 ml of Mineral Turpentine Oil (MTO), and for spraying, use 200–300 ml per litre. Apply 2–3 thin coats, allowing 24 hours of drying time between coats, and lightly sand with Emery Paper No. 320 between coats for the best, smooth finish.

WOODELLO FABRIC PROTEKTOR

Woodello Fabric Protektor uses self-bonding nano-technology to create an invisible, breathable film over your sofa, cushions, and upholstery. This protective layer repels spills, dirt, and liquids—keeping your fabric fresh and stain-free. It's like insurance against everyday accidents, giving you a license to relax and live freely.

Available Pack Sizes : 100ml, 200ml, 300ml, 500ml, & 1L.

How To Use

1. Clean the Fabric
Ensure the surface is clean, dry, and dust-free.

2. Shake & Spray
Shake well. Hold the bottle 8–10 cm away and spray evenly in straight lines using the precision actuator for full coverage.

3. Apply the Second Coat
After the first layer dries, spray a second coat in the opposite direction to lock in complete protection.

4. Dry & Test
Let it dry for 6 hours. Before testing with water, allow 24 hours of curing time for full stain-proof performance.

WOODELLO WATER BASED PU

Woodello Water-Based PU is an eco-friendly, low-odor polyurethane Matt & Glossy designed to protect and enhance wooden surfaces. It delivers excellent adhesion, smoothness, and clarity while being safe for both users and the environment. Perfect for both interior and exterior wood applications.

GREEN ASSURE

Variants : Matt, Gloss, Sealer

Available Pack Sizes : 1L, 4L, 20L.

DIRECTIONS FOR USE

Surface Preparation: Sand the wood using Emery Paper No. 180, then 320/400. Wipe clean to remove all dust.

Application: Apply 2 coats of Woodello Stain by ragging for colour tone. Apply 2 coats of Woodello Water-Based PU Sealer (diluted up to 10% with water), allowing 2 hours between coats. After the sealer dries, apply 2 coats of Woodello Water-Based Top Coat (gloss or matt, diluted up to 10% with water) by spray, brush, or roller, with a 4-hour interval between coats.
